

August 15, 2022

Dear Family & Friends,

Last week was very difficult, but this week we are finally starting to see improvements. Many of the staff members who were out with Covid-19 have returned after isolating for the recommended number of days. All the Sisters are out of isolation. There is currently one apartment Resident and four nursing home Residents still isolating with Covid. One household remains on quarantine. Our rapid testing continues and fortunately the number of positives identified through rapid tests continues to decline.

On this Feast of the Assumption, please join us in praying to the Blessed Mother to protect our Home and Residents. Thank you.

Gratefully in Prayer,

Mother Mary Vincent, lsp
Administrator
